

JUST PEACE QUEENSLAND INC – 11TH ANNUAL REPORT
FOR THE YEAR 1ST JULY 2011 TO 30TH JUNE 2012 PRESENTED TO
THE ANNUAL GENERAL MEETING HELD AT THE KURILPA
COMMUNITY HALL, 174-176 BOUNDARY ST WEST END, 11AM
SUNDAY 18TH NOVEMBER 2012.

Introduction

Despite the combined efforts throughout the world of organisations such as ours over the past year, armed conflict and aggressive militarism has continued un-abated.

We are sure that all who value Peace, Freedom, and Equality for all peoples of the world would join us in condemning those nations and individuals who perpetrate wars, acts of violence, and brutality against our fellow human beings, in their pursuit of power and profits.

Unfortunately Australia is in the vanguard of this un-acceptable trend, with many billions of dollars, countless Australian lives, and our sovereign independence being expended and sacrificed, on the altar of the un-equal US Alliance. In last years Annual Report we predicted that the alliance would become an unholy and absolute allegiance.

The accuracy of that prediction was confirmed when in November 2011 the US President used our Federal Parliament to tell Australians and the rest of the world, of US intentions to dominate the Asia Pacific region militarily, and economically, in the years ahead.

The President emphasised that the basing of marines in Darwin, and the intensification of US air and naval traffic into our air bases and ports is a vital part of their so-called pivotal strategy in retaining US super power status.

Australian troops are still in Afghanistan, and the tragic tally of lost lives is now 39, with well over 200 hundred physically wounded. There is no doubt that 100% of those who have served are suffering some form of mental trauma.

The inhumanity, injustice, discrimination and the abuse and denial of basic human rights is still being perpetrated against Palestinian citizens in the occupied territories of the West Bank and Gaza.

To our everlasting shame the Australian Government has chosen to pay only lip service to a “two state” solution, however it is obvious that it is toeing the US/Israeli line by not yet declaring its support for recognition by the UN of Palestinian Statehood.

In the past year we have witnessed the death of many thousands of civilians, and the total destructions of cities, towns, and infrastructure, and the overthrow of dictators and despots across a number of countries in the middle east. The current civil war in Siria is a stark example of the horrendous consequences of such conflicts.

The effects of the Global Financial Crisis is still being felt across Europe and world wide. The consequences of the draconian measures imposed on the citizens of Greece, Spain, and Portugal have caused widespread demonstrations which have led to violence, the destruction of property, human suffering, and the further destabilisation of Governments globally.

Whilst a small group of countries including Australia are taking minimal action to

confront the ravages of the ever increasing impacts of “climate change”. The deniers, aided and abetted by the all powerful transnational oil/coal/gas companies are slowing, and even halting real and constructive progress in dealing with the horrendous environmental, economic, and social consequences that will result from unfettered “climate change”.

During the year your Management Committee has worked very hard to achieve a level of activity that ensures Just Peace will remain a relevant, credible, and constructive, anti-war, peace, and social justice organisation.

Membership

At a time when all organisations, are struggling to recruit and retain members, Just Peace has maintained a membership of 100 plus during the 11/12 year.

The incoming Committee faces the dual challenges this year, of increasing membership numbers, and to also encourage greater membership participation in it's events and activities. Your assistance in realising these goals will be greatly appreciated.

Finances

Treasurer Beth by virtue of her judicious management of our finances during the year has ensured that Just Peace is in a sound financial position as at the 30th June 2012. The value of a hard working and effective Treasurer should never be underestimated and Beth fits that description admirably.

We also wish to acknowledge that generous donations of cash and kind from members, kindred organisations, and the un-conditional encouragement and support given by Senator Claire Moore and her Staff have enabled Just Peace to remain financially viable.

Sub Committees/Groups

It is pleasing to report that our sub-committee “Just Peace 4 Palestine”, under the stewardship of Convenor Nicole Erlich, and with the assistance of Bec, Fay, Margo, Wendy, Ken, Khalil, and the support of Management Committee members was very active and effective in planning, organising, and participating, in numerous events throughout the year.

Three Just Peace treasures, Nicole, Margo, and Ray Bergman, are contributors to the book titled “Beyond Tribal Loyalties”, edited by Avigail Abarbanel. It tells the personal stories of 25 Jewish Peace Activists from five countries.

Committed and energetic Sub-Committees play a vital role in effective organisations, and members are encouraged to participate in others that place a focus on issues of importance to Just Peace.

Affiliations – Networks

We have continued to renew and strengthen existing links, and to establish new affiliations with groups and organisations with objectives compatible with ours.

Our promotion and support of events related to the International Day of Peace continues, and we participated in a successful event held at St John's Cathedral on the 21st September 2011.

Links were maintained with the United Nations Association of Australia Qld Branch through Annettes involvement as a member of it's management committee.

Our good relationship with the Trade Union movement has been maintained through regular contact with Ron Monaghan General Secretary of the QCU, and also with the Secretary's of individual affiliated unions.

We have joined the Cluster Munitions Coalition, and supported it's campaign against proposed Government amendments which will weaken Australia's position with respect to the enforcement of the Cluster Munitions Treaty.

We are an affiliate of the Australian Palestine Advocacy Network, (APAN), and have supported and participated in campaigns aimed at changing the Australian Governments policies on issues related to the Israeli/Palestinian conflict.

We are a founding member of a national umbrella organisation, Independent and Peaceful Australia Network, (IPAN), which now has affiliates in six states and the NT.

Just Peace acknowledges with gratitude the continued support and the generous financial contributions made over many years by the Union of Australian Women.

Contact has been maintained with WILPF, MAPW, Friends of the Earth, Amnesty, Quakers and other groups, organisations and individuals, who share similar aims and objectives as Just Peace.

During the year we continued our long standing association with Peter Arndt and the Catholic Commission for Peace and Justice, and we also met with the Most Reverend Dean of the Anglican Church, Dr Peter Catt, and the Director of the Multi Faith Centre at Griffith University, Mr Brian Adams.

The leadership, dedication, enthusiasm, and networking skills of Co-Convenor Annette has been a major factor in maintaining and strengthening the profile and credibility of Just Peace as an anti-war/peace and social justice entity at both State and National levels.

Communications

Editor Adrian Pollock has produced three high quality editions of our newsletter "The Peace Issue" this year.

The Committee of Management again acknowledges the time and effort Adrian expends on the production of the first class newsletter. We are also aware of, and appreciate the fact that at times he takes leave from work to complete the task. On behalf of the Management Committee and of members we express our sincere thanks to you Adrian.

It would not have been possible to print the now (41) editions of "The Peace Issue", without the support, and practical physical assistance provided by our valued member Senator Claire Moore, and her committed team.

On behalf of Just Peace members we say thanks to Claire and all of her team who

have co-operated with and contributed to our cause through the printing of the newsletter, and in many other ways, over the eleven years of our existence.

To Stephanie and Alastair Campion who continue to do a great job in keeping members informed on current events per medium of the E-Bulletin/Breaking News, and in the development and maintenance of our first class website we say thanks, your efforts are greatly appreciated.

Co-Convenor and spokesperson Annette has pursued every opportunity to issue media releases, arrange media interviews for keynote speakers at Just Peace events, and has successfully negotiated the broadcast of events on Radio Nationals programme "Big Ideas".

We also continue to maintain our affiliation with Community Radio 4EB.

Annette also provides an update on current activities, and upcoming events, with each addition of "The Peace Issue", or when a general posting is made to members.
